“A love letter, a plea, a eulogy, and a prayer. This is Bill McKibben at his glorious best. Wise and warning, with everything on the line. Do not miss it.” —Naomi Klein, author of *This Changes Everything*

Thirty years ago Bill McKibben offered one of the earliest warnings about climate change. Now he broadens the warning: the entire human game, he suggests, has begun to play itself out.

On his travel through Europe, we are very happy to welcome Bill McKibben in Munich and host him for an evening in this year’s “Münchener Klimaherbst”.
